

# The Astrology Houses and Their Meaning:

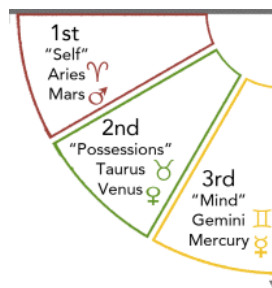

## The Meaning of Each House

### First House: Self Questions - How Others View You

Click on First House on User's Chart to get Current Self questions Readings!

Click here on software >>>>>>

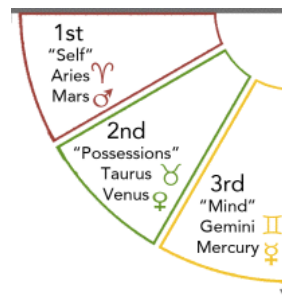

## First House Description:

The First House symbolizes the acting self, the personality as it appears to others, and the unfolding of one's individual destiny. Its beginning point is the one of the most significant points in the birth-chart. Planets in the First House affect your personality strongly. Their characteristics are a keynote of your personality as you express yourself to others.

## Second House: Money and Material Questions

*Click on the Second House on User's Chart to get current Money and Material Question Readings!*

*click here on the software >>>>>*

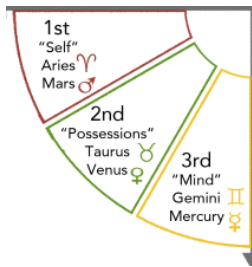

## Second House Description:

The Second House symbolizes what the self has to work with materially: possessions, money, and physical resources. This house also represents your desires and values. Planets in the Second House operate in the field of material needs and also indicate what you value most highly.

## Third House: Mind Questions - How You Think + Communicate!

*Click on the Third House on User's Chart to get current Mind Question Readings!*

<<< *Click here on software*

### Third House Description:

The Third House symbolizes thinking and communication, also traditionally brothers and sisters, writings, and short journeys. Your early environment is also represented by this house, as well as your powers of analysis and discrimination. Planets in this house indicate how you communicate and operate mentally.

### Fourth House: Family Questions Future and Past

*Click on the Fourth House on User's Chart to get Family Question Readings!*

*click here on software >>>*

### Fourth House Description:

The Fourth House represents the home environment, family life, and the father, or perhaps the same sex parent. Planets in the Fourth House reflect your family orientation, an ability to dig into the past in order to discover the roots of your being, and how your father (or perhaps your mother) was experienced by you.

### Fifth House: Romance + Creativity Questions

*Click on the Fifth House on User's Chart o get current Romance + Creativity Question Readings!*

*<<<<<< Click here on software*

### Fifth House Description:

The Fifth House represents creativity and self-expression, also offspring, and is also associated with romance and affection. Following the base of operations represented by the fourth, the fifth house represents the arena in which your personal energies can be released into the world.

Any area which is stamped by your personality, including the display of affection or any creative endeavors such as your artistic expression, is therefore represented by planets in the Fifth House or the sign on the Fifth House cusp.

### Sixth House: Health Questions

*Click on the Sixth House on User's Chart o get current Health Question Readings!*

*<<<< Click here on the software*

## Sixth House Description:

The Sixth House represents issues of sickness and health, and service to others, including conditions of daily life, or work. This house also relates to discipleship and mastery, and the overcoming of obstacles in producing the fruit of one's achievements. Planets in this house can manifest as challenges to your well-being, or as indications of a profession of service to others.

## Seventh House: Marriage and Partnership + Relationships Questions

*Click on the Seventh House on User's Chart to get current Marriage and Partnership Question Readings!*

*<<< click here on the software*

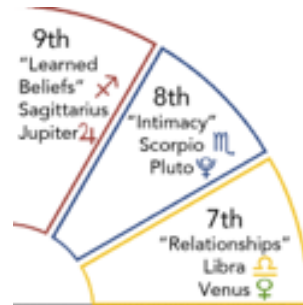

## Seventh House Description:

The Seventh House represents marriage and partnerships of all kinds, and issues with relating to other people. As the opposite to the First House of personality, the Seventh House describes how you fit into the world of others. Planets in this house often indicate the type of marriage partner you will seek.

## Eighth House: Enlightenment Questions. How Will I Improve Questions!

*Click on the Eight House on User's Chart to get current IMPROVEMENT Question Readings!*

*Click here on the software >>>>>>*

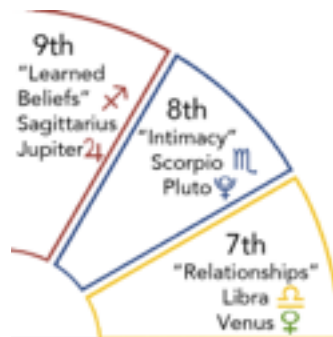

The Eight House Description:

The Eighth House symbolizes issues of death and rebirth, sexuality, and transformation. As this house follows the house of relationship, it refers to the fruits of relationship, and these include the power to change based on new understanding made possible when one is no longer acting solely as an individual. Planets in this house are difficult to interpret, but may refer to how sexuality is manifested or to lessons you need to learn in order to grow and change.

## Ninth House: Will I move Questions + Travel + Legal Questions

*Click on the Ninth House on User's Chart to get current travel +legal Question Readings!*

*Click here on the software >>>*

### Ninth House Description:

The Ninth House represents intuition and the study of religion philosophy, and higher learning. In addition, it represents travel to other countries, and legal matters. This house is interpreted similarly to the ninth sign of Sagittarius, and represents the expansion of horizons, mental, physical and spiritual. Planets in this house may symbolize your philosophical pursuits, or possibilities for travel.

### Tenth House: Career Questions

*Click on the Tenth House on User's Chart to get current Career Question Readings!*

*<<<< Click here on software*

### Tenth House Description:

The Tenth House symbolizes the public life, authority, career issues, and also represents the mother, or perhaps the opposite-sex parent. As standing opposite the Fourth House, the Tenth House represents how the foundation of the personality is made manifest and concrete in the world. The birth chart is often divided into four seven-year periods, one per quadrant, cycling each twenty-eight years of life, and the Tenth House is reached at age 21, the age of legal adulthood. Planets in the Tenth House will indicate what the energies and challenges are for your career, and also how your mother (or perhaps father) was experienced.

## **Eleventh House: Goals + Work Questions + Work Relationship**

*Click on the Eleventh House on User's Chart to get current Work + Work Relationship Question Readings!*

*Click here on software >>>*

### **Eleventh House Description:**

The Eleventh House symbolizes goals and objectives, also friendships and membership in groups or associations. The work in society represented by the tenth house is released through the individual in the activities associated with the eleventh house. Planets in this house indicate how visions for the future and also group associations and friendships will operate in your life.

## **Twelfth House: Karma Questions + Self Feeling Questions**

*Click on the Twelfth House on User's Chart to get current Karma + Self Feeling Question Readings!*

*Click here on the software >>>>>*

#### Twelfth House Description:

The Twelfth House refers to the unconscious and to things beyond the physical plane. It is traditionally associated with confinement and self-undoing, and has been called the house of karma. Planets in this house indicate functions that are hidden from your conscious personality, and are expressed in terms of psychic faculty or self-sacrifice.
